# **ADB HIGH-SPEED Ride-On**

**The latest generation of the industries work horse**

# ADB HIGH-SPEED Ride-On

## TECHNICAL SPECIFICATION

### BATTERY:

Run Time	8 - 12 hours
Charging Time	8 - 10 hours
Speed	up to 61 m (200')/min

### DIMENSIONS:

Length (without blade holder):	1372 mm (54')
Width	760 mm (30')
Height	1130 mm (44½')
Height with seat:	1460 mm (57½')

### WEIGHT:

Total weight incl. additional weights and front angle plate	1180 kg (2600 lbs)
--	--------------------

Minimum weight for transport in elevators	800 kg (1764 lbs)
--	-------------------

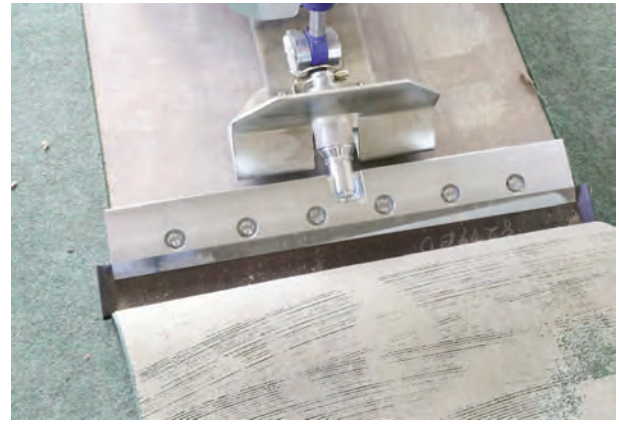

MADE IN GERMANY  
made by Janser

CERAMIC REMOVAL

CARPET REMOVAL

PARQUET REMOVAL

PVC REMOVAL

## KEY BENEFITS

- Most powerful battery powered ride-on stripper in it's class.
- Very quiet operation without exhaust gases and no blade vibrations.
- Extremely robust construction, chassis and controls for a longer life.
- Simple, very precise operation by high-quality hydraulic controls.
- Solid state charger securely installed in rear of the machine.
- Battery management system with automatic cut-off, to protect against total discharge of the batteries.
- Hydraulic front angle plate and deflector plate included.
- Comfortable, adjustable seat with armrests.
- Almost maintenance-free thanks to German hydraulic technology.

### FEATURES:

Optimized hydraulic motor technology  
Solid State charging system

Working speed up to 61 m / min

Weight reduction possible up to approx. 800 kg

No blade vibration required, Powerful hydraulic drive system delivers enormous power

Wide range of high quality blades and chisels,

### ADVANTAGE:

Longer runtimes with shorter charging times  
For higher productivity and efficiency on the job site

High working speed increases the removal performance

Possible transport in smaller elevators

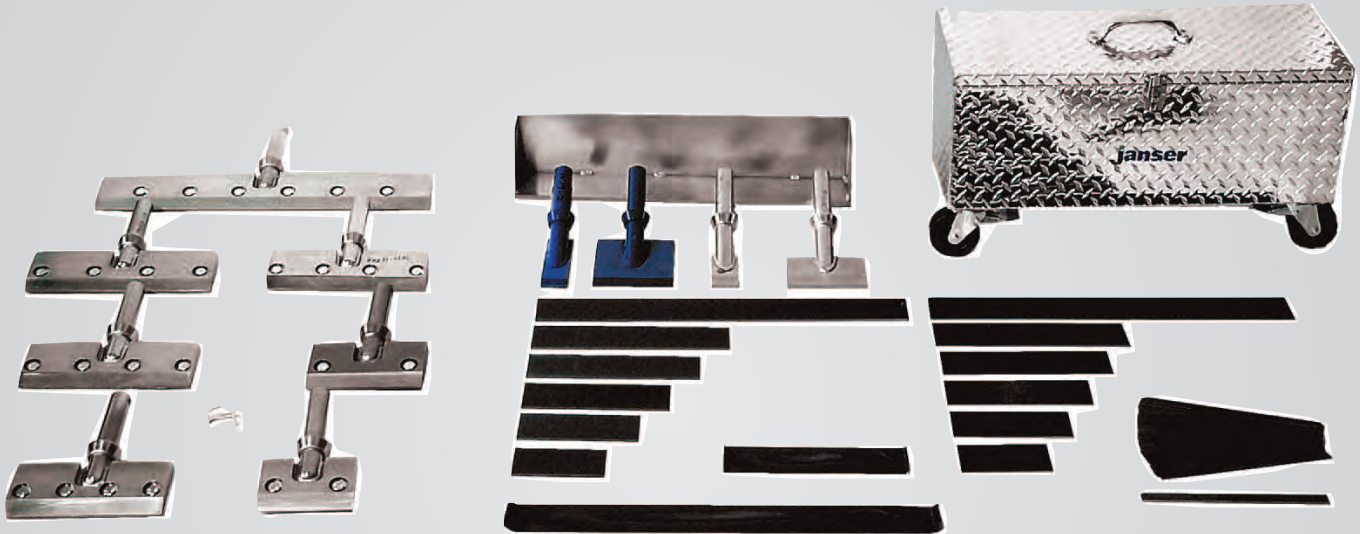

Low-noise operation, Precision controls gentle on the subfloor, higher removal performance, longer life of the blades and chisels

The most suitable application tool to match every construction site condition in order to achieve best possible efficiency

# Ride-On Accessories

. . . Ready for any job!

These accessory sets are a configuration of the most popular and most frequently used tools for our Ride-On machines.

## Accessory Set

**large version** (see picture)

Delivered in a metal carrying case on wheels compl.with:  
7 different blade holders  
12-piece set of replacement blades  
1 self-scoring blade width 305 mm (12")  
1 self-scoring blade width 685 mm (27")  
4-piece set of blade shanks  
1 set of scraper blades (50 pcs) 305 x 22 mm (12x7/8")  
1 blade with collecting container

## Accessory Set

**small version**

Delivered in a metal carrying case on wheels compl. with:  
4 different blade holders  
5-piece set of replacement blades  
1 self-scoring blade width 305 mm (12")  
1 angled Blade Shank  
1 set of scraper blades (50 pcs) 305 x 22 mm (12x7/8")

In addition we offer other blades and shanks in our range.  
We can set your tool selection according to your demand.  
Please contact us. It's our pleasure to advise you!
